Emergo invites you to give generously to the 2009 Annual Fundraising Campaign.

Our objective this year is \$ 285 000. Helping us reaching it will provide Emergo with more space for children as part of the 23 school respite weekends of its Vacation Summer Camps. Last Summer, in 2008, thanks to the help of our donors, we have fulfilled our dream of "offering a well-deserved respite" to 45 additional families compared to last year.

To live with autism on a daily basis, it is important to give parents the opportunity to find resources. Survival of an organization such as ours is vital for many families. There are too few resources that can accommodate this very special clientele. The number of participants as well as the needs of their families increase every year.

That is where Emergo comes into play. We are the only organization offering respite at the provincial level. For more than 30 years, Emergo has been slowly paving the way. It has grown and evolved significantly, offering respite for a little more than 300 families. We have listened to the families and we have developed programs meeting the specific needs of their autistic children. We have heard Jean-François cry out in the name of all the autistic persons that use our services: "Me, I like to go to Camp Emergo!" Thanks to our devoted and energetic personnel, our children experience truly memorable stays. Our activities are adapted according to their abilities and interests. They come back home happy with their weekend or their summer camp, reassuring their parents and developing trust in our services. It is thus in great peace of mind that they entrust us with their children at each respite period.

Please help us further our mission. Contributions received amount to 30% of our operating budget and are essential to support our services, especially in this period of economic instability!

We hope to have the privilege of receiving your donation, which will undoubtedly make all the difference in the life of our families and our children!

The Honorary President

Jacques Chartrand
